Dear Dr. Andrews:

The brothers, officers, and alumni of the Xi Chapter of Sigma Nu Fraternity congratulate you on being named "Most Outstanding Faculty Member of the Year." This honor is synonymous with recognition of an educator our members believe best represents outstanding teaching while also supporting the fraternity ideals that under-gird our organization.

While we regret you were unable to join us for the spring semester awards dinner at which this title was publicly bestowed, please know that we respectfully acknowledged your service to our order at that time. The corresponding plaque is enclosed. We extend our fraternal invitation to you to return to Xi house for any function for which you are available. Thank you for your ongoing efforts to serve the Emory student body.

Sincerely,

Dr. Dwight Andrews--

In honor of Founder's Day of the Theta Pi Chapter of Alpha Phi at Emory University, the Sisters wanted to recognize those administrators, professors, and other staff members who have had a significant impact on our lives while at Emory. In this bag is an apple which is just a small token of our appreciation for all that you have done for us. Also contained in this bag is a brief note written specifically for you by a member of the sorority explaining what impact you have had on her. We want to thank you for all of your hard work and continuous dedication to students.

Dr. Dwight Andrews--

You are enthusiastic about music and truly care about every single student. You are a masterful musician and a wonderfully talented performer.

Dear Dr. Andrews,

On behalf of the Intersorority Council I would like to again extend my congratulations for being chosen an outstanding professor during last spring's Sorority Seasons.

I apologize for the extreme lateness of this plaque. Unfortunately the plaques were misplaced during the recent moves of the Greek Life Office from the Dobbs University Center to University Apartments and back to the DUC again. We have found them, however, and are excited to finally present you with a token of our appreciation and admiration.

Thank you for all the hard work and dedication you have devoted to the students of Emory University. You certainly have made a difference in the lives of many students.

Sincere congratulations,

Amy E. Mershon  
1995 Sorority Seasons Chair
